FBOSS with P4 Switch
Open and Fully Programmable Data Plane with FBOSS

FBOSS with P4 Switch
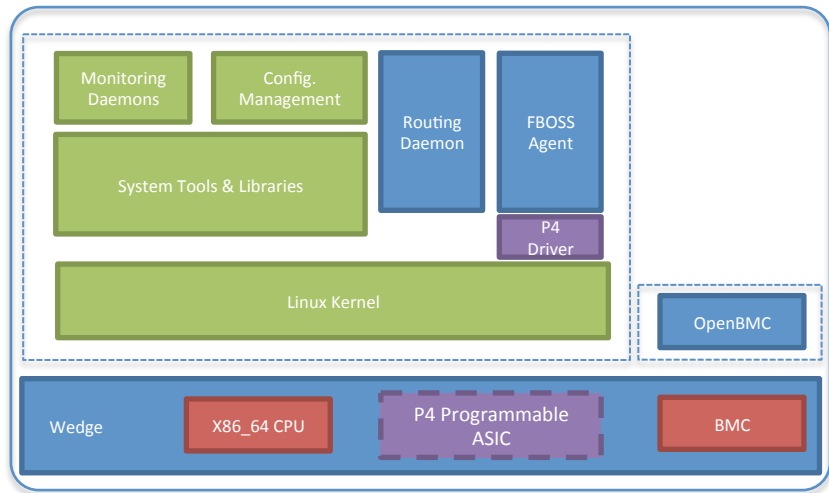

**Demo Setup**

Programmable Pipeline
Add new protocols, tweak / improve / fix existing protocols

Feature-rich P4 defined pipeline
switch.p4 provides fully functional advanced L2/L3 switch pipeline

Rapid Prototyping and Testing
Pipeline changes can be compiled and tested in just a few hours !!

Zero Effort Silicon Migration
The pipeline can run on simulator and P4 devices
